ART DEPARTMENT.
Notwithstanding the increase if the price of subscription last full, when the Aldine as-Notwithstanding the Increase in the price of subscription last full, when the Aldine assumed its present noble proportions and representative character, the edition was more than double the past year; proving that the American public appreciate a sincere effort in the cause of Art. The publishers, anxious to justify the ready confidence thus demonstrated, have exerted themselves to the utmost to develop and improve the work; and the plans for the coming year, as unfolded by the monthly issues, will astonish and delight even the most sanguine friends of the Aldine.

The Addine will reproduce examples of the best foreign masters, selected with a view to the highest artistic success, and greatest general interest; avoiding such as have become familiar, through photographs or copies of any kind.

The quarterly tinted plates for 1873, will reproduce four of John S. Davis' inimitable child-sketches, appropriate to the four seasons. These plates, appearing in the issues for January, April, July, and October, would be alone worth the price of a year's subscription.

PREMIUM CHROMOS FOR 1873.

Every subscriber to the Aldine, who pays in advance for the year 1873, will receive.

PREMIUM CHROMOS FOR 1873.

Every subscriber to the Aldine, who pays in advance for the year 1873, will receive, without additional charge, a pair of beautiful oil chromos, after J. J. Hill, the eminent English painter. The pictures, entitled "The Village Belle," and "Crossing the Moor," are 14x20 inches—are printed from 25 different plates, requiring 25 impressions and tints to perfect each picture. The same chromos are sold for \$30 per pair, in the art stores. As it is the determination of its conductors to keep the Aldine out of the reach oil competition in every department, the chromos will be found ahead of any that can be offered by other periodicals. Every subscriber will receive a certificate, over the signature of the publishers, guaranteeing that the chromos delivered shall be equal to the samples furnished the agent, or the money will be refunded. The distribution of pictures of this grade, free to the subscribers to a five dollar periodical, will mark an epoch in the history of Art; and, considering the unprecedented cheapness of the price for The Aldine itself, the marvel falls little short of a miriacle, even to those best acquainted with the achievemants of inventive genius and improved mechanical appliances. (For illustrations of these chromos, see November is sue of the Aldine.)

SHE Of the Aldine.)
THE LITERARY DEPARTMENT THE LITERARY DEPARTMENT
will continue under the care of Mr. Richard
Henry Stoddard, assisted by the best writers
and poets of the day, who will strive to have
the literature of the Aldine always in keeping with its artistic attractions.
